Battery Charger Safety |

Earphones

Follow Traffic Safety Instructions

■ Do not use the earphones while driving an automobile or riding a bicycle.
It's not only dangerous, but also against the law.
To avoid an accident, do not turn up the volume of the earphones too high while
walking.

Protect your ears

■ Do not turn up the volume too high. Doctors warn against prolonged exposure to
high volume.
■ Stop using the device or turn the volume down if you have ringing in your ears.

Ambient operating conditions

■ Ambient temperature : 5°C ~ 35°C (41°F ~ 95°F)
■ Humidity : 10 ~ 75%

Environmental Information

■ Follow local guidelines for waste disposal when discarding packages, batteries,
and old electronic appliances.

CAUTION

Opening the case may
result in electric shock.

Warning

**The uninsulated parts inside the charger may cause electric shock.
Please do not open the charger case for your safety.Read the user
manual to prevent problems while using the charger.**

- Use the charger away from water sources to avoid fire or electric shock.

Caution

Read the user manual to prevent problems while using the charger.

- To avoid electric shock, use the charger only with a power outlet that
matches the shape of the converter's plug.
- Make sure that the charger's plug is inserted all the way into the outlet.

| Charging the battery

Charging the battery |

Charger

Charger
Connection Cable
The charger is supplied with your player.

Plug the charger into a wall outlet.

❈ When recharging is complete, "100% CHARGED" is shown in the display
window.
❈ The unit can also be charged at low speed using the power supplied from
your computer through the USB cable.
❈ Battery recharge time in normal operation is approximately 2.5 hours.

Caution

- Do not plug several devices into the same outlet.
- Do not use a defective charger.
- When using the rechargeable battery for the first time or after several months
of non-use, fully charge it first.
- Do not charge the player longer than 12 hours.
- Overcharging will reduce the battery life.
- The rechargeable battery is a consumable item and its capacity will decrease
gradually.
- To prolong the life of your battery, use the fully charged battery until it is
completely discharged, and then fully charge it again before use.
If you charge the battery that is not completely drained, the battery operating
time will decrease. In this case, fully cycle (fully charge and then fully
discharge) the battery several times.
- Do not let metallic objects, such as necklaces or coins, come into contact with
the terminals (metallic parts) of the charger and the built-in rechargeable
battery. A fire or electric shock may result.
- Do not touch the charger with wet hands.

Using the removable storage (PC)

- Before formatting can begin, you must connect your YP-W3 to your PC using the USB cable (see page 16).
- Formatting deletes all files on the MP3 player so maximum memory is available for new file storage.
  It saves you the trouble of deleting unwanted files one at a time.

Formatting on your PC

1 Select the removable disc icon and click the right mouse button to select **[Format]**.

2 Use the pull-down menu to set the File System to FAT32.
■ You can change the name of the removable disc (see next page) by selecting [Volume label], then typing text into the field.

3 Press the **[Start]** button.
■ All saved files will be formatted (deleted).
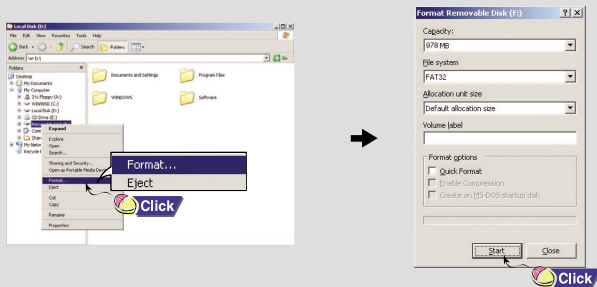

Caution! ■ Care must be taken as formatted files can not be recovered.

24

Using the removable storage (PC)

When the MP3 player is connected to your PC, the PC will see it as a removable disc. Music and other files can then be dragged and dropped into the removable disc for playback on the MP3 player.

Downloading/Uploading files

1 Connect the player to your PC with the supplied USB cable.

2 Open Windows Explorer on PC.
■ Removable Disc is displayed in Windows Explorer.

3 Select the files to save. Drag and drop them into respective folders in the removable disc.
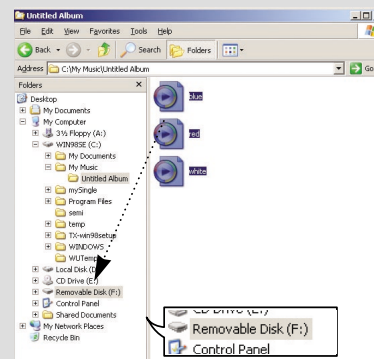

Caution! ■ Disconnecting the USB cable while downloading or uploading files may cause malfunction of the player.
■ The music file order displayed in Windows Explorer may differ from the play order on your player.
